Capdepera opens its doors once again, as it has done for centuries. This Medieval Market is not only a celebration but also a living reminder of what has shaped us as a community.

In the year 1231, with the Treaty of Capdepera, these lands became the setting for a decisive moment in our history. Tradition tells us that from the coast of Capdepera, countless bonfires were lit, illuminating the night and encouraging a peaceful resolution with the neighbouring island. That light symbolised not only strategy but also dialogue and a shared future.

Today, centuries later, we once again light up our streets to share experiences. The light now comes from candles, from smiles, and from the enthusiasm of everyone who makes this Medieval Market possible.

This event is the result of many hands and many hearts: artisans who preserve ancestral crafts, artists who bring life to every corner of the village, and residents who come together so that Capdepera can thrive over these three days.

Among its walls and cobbled streets, we once again build bridges between past and present. We invite you to experience this event with all your senses: to listen, to taste, to discover, and to be moved.

May every step become a memory, and every moment a shared story. May the flame that once shaped our history now unite us in this celebration.

Have a wonderful Capdepera Medieval Market 2026. A warm welcome to all!

Núria García
